Itinerary of your cruise

Day 1 - Saturday Brindisi	This ancient port city of Imperial Rome was the gateway to the Orient and a point of departure for the crusaders. The old town faces out to the horizon and is full of churches basilicas, fountains and oratories. Ship docked, no water sports. Boarding and disembarkation port of call.
Day 2 - Sunday Dubrovnik	The ramparts provide a fabulous view over the sublime city centre, where every stone tells a story. The marble pavements and city lights contribute to the animation of this museum-city. Ship at anchor. Beach.
Day 3 - Monday Mljet	Legend has it this "green island" was the home of the nymph Calypso. Today it is a national park. Its two inland lakes connected to the sea, from which a Benedictine monastery rises form a breathtaking natural spectacle. Ship at anchor, water sports available.
Day 4 - Tuesday Vis Island	The island is famous for its authenticity. Its exceptional state of preservation is due to the fact the foreigners weren't allowed to visit the island between 1943 and 1989. Its stone houses with their green and white shutters, narrow little streets and the surrounding Mediterranean vegetation are like a living picture postcard. Ship at anchor, water sports available.
Day 5 - Wednesday Sibenik	Known as being the first city founded by the Croatian people, today, it is famous for the Cathedral of Saint James, a true work of art listed as a World Heritage site by UNESCO. The heart of the city with its little stone streets leads us straight to this picture postcard image. Ship docked, no water sports.
Day 6 - Thursday Trogir	This "little Venice" is a UNESCO World Heritage site that was the envy of many peoples before being annexed by the Venetians in 1420. The Gothic houses and Renaissance palaces that line its narrow, winding streets bear traces of the past. Ship at anchor, water sports available.
Day 7 - Friday Brac Island	Brac is the largest island in Dalmatia and protected from tourism. It is most famous for its comma-shaped "Golden Horn" beach. Its lush vegetation, many inlets and historic monuments make it a picturesque traditional island. Ship at anchor, water sports available.
Day 8 - Saturday Split	Its founder, the Roman Emperor Diocletian, had a huge palace built, from which the city gradually developed. It is one of the largest and most fascinating Roman ruins in the world. Ship docked in port.
